

ACCESS TO CASE FILES IN JUDGES' CHAMBERS

Case files are generally taken to Chambers two business days prior to a scheduled hearing, and will not be available for review until returned to the Clerk's Office. If you need to review a file in a case which is coming up for hearing, make sure to come to review the file prior to its being sent to Chambers. If a case has been taken under submission, case files in Chambers will be made available to the public at the earliest convenience of the Court.
